Experience the same, reliable high-quality product, now with Sika's distinctive branding. Same great performance, bold new appearance!

The Stixall Advantage

STIXALL is a high-performance adhesive and sealant. Offering incredible bonding strength and flexibility, suitable for virtually any material and a wide range of applications.

Key Features of STIXALL:

- **Multi-Use:** Bonds and seals in one, suitable for a variety of materials.
- **High Strength:** Superior bonding strength for reliable performance.

- **Flexible:** Remains flexible, accommodating movement without losing adhesion
- **Weatherproof:** Resistant to extreme weather conditions, making it suitable for both indoor and outdoor use.
- **Solvent-Free:** Safer to use with no harmful solvents.

Reliable Performance & Benefits

The introduction of Anthracite to the STIXALL family marks an exciting development. With its fabulous colour and reliable performance, STIXALL anthracite opens new possibilities for creativity and functionality to all projects.
