

XMS (XMS22CHOPAXE)

# Fiskars X10 Chopping Axe

The Fiskars X10 Chopping Axe is ideal for splitting logs and matches under 7cm for the fireplace, stove, grill or campfire. Its blade is made of double-hardened, non-stick quality steel, which assures easy wood penetration. The handle is made from glass fibre reinforced plastic with a non-slip rubber handle. There is also a hook-shaped handle end to facilitate the splitting of different wood thicknesses and diameters. Made in Finland.
